WEIGHTLIFTING / Leather Belts

Leather Belt

Art : ZI-3401

Description

Made from high quality oil tanned Nubuck leather, this weight lifting belt will offer incredible cushioning and a soft, padded feel for power lifters and strength training champs! Stack with confidence and let the shock resistant leather reduce stress whilst the contoured design provides amazing comfort and supports your lower back. The bullet-proof stitching and heavy duty hardware guarantee the toughest construction of gym belts around. Yet the leather remains supple for the wearer, even for extended lifting sessions.

Leather Belt

Art : ZI-3402

Description

Feel the power with this wide weight lifting back support belt, cut from an authentic suede cowhide leather for a tough design that lasts and lasts. The carbon fibre padding will cushion your back perfectly, the wide coverage ensures that you get both abdomen and back support when you need it, the expertly engineered lining will get rid of sweat to keep you nice and dry, whilst the hard as nails buckle will give you a secure fit when you're lifting or stacking. This belt is solid enough to perform under any pressure but it never compromises on comfort.

WEIGHTLIFTING / Leather Belts

Leather Belt

Art : ZI-3403

Description

Designed to provide essential spinal support, this 4"-wide powerlifting belt is made using incredibly sturdy nubuck leather, and fastens using an advanced lever clasp that's capable of maintaining tension throughout all stages of the lifting process. Like all of our weightlifting products, this belt has been made from the finest materials, and can be relied on to perform well time after time, whether you're looking for a training belt, or a general exercise belt. It's the same width throughout, and has been designed to ensure that it offers full body support, which is essential if you want to avoid bad form or excessive abdominal pressure during particularly heavy lifts.

Leather Belt

Art : ZI-3404

Description

Harness the strength within with this unique powerlifting belt, made from our exclusive Nubuck oil-tanned leather which forms a gel-like padding for unbeatable shock resistance. And contoured to flow seamlessly with the curves of your body, this power belt promises a comfortable fit for heavy lifts, tough workouts or challenging competitions. Engineered with a unique anti-microbial treatment for maximum hygiene, a steel strength buckle for amazing performance, plus double stitching throughout for invincible holding power, this versatile weight lifting and exercise belt will not let you down.

Neoprene Belt

Art : ZI-3510

Description

Get optimum back support with this neoprene weight lifting belt. A pro power gym belt designed to provide you with all the coverage and physical assistance you need for a challenging lift. Available in a wide design, you will benefit from added support around the abdomen as well as the back area and the rubberised grip feature in the middle of the belt helps to add secureness. With a webbed design, this power belt offers an unbeatable level of resilience and with a buckle made of steel strength, it can withstand any punishment.

WEIGHTLIFTING / Neoprene Belts

Neoprene Belt

Art : ZI-3511

Description

Build your resistance like a champ with our RDX® Polypro dipping belt with chain. It's an essential bodybuilding tool for anyone who's serious about strength and resistance training in the gym and it features a nylon exterior for enhanced resistance and durability, a Polypropylene webbing for added strength, steel chain and hardware that offer reinforced power, and a curved belt design for outstanding comfort for long sessions at the gym. This dipping belt not only follows the natural lines of your body to reduce stress but it will also eliminate swinging loads for a safe workout every time.

Neoprene Belt

Art : ZI-3512

Description

Weightlifting belts are an essential aid no matter your skill level - they provide support for your back muscles and spine, ensure that weight is evenly distributed throughout your torso, and even encourage better form during particularly heavy lifts. Our neoprene exercise belt has been designed with durability in mind, and is made of breathable polyester and foam to guarantee a comfortable fit. The locking mechanism is hard-wearing and easy to adjust, while the angled padding provides unrivaled support to both your back and your abdominal muscles, making this a great bodybuilding belt.
